Enter the libero's number(s) next to the L: (s) located at the top right of each tracking sheet. Enter the number of the starting player (SP) for each position in the serve order under SP. When the libero enters, record the L. When the libero is replaced, record the replacement player's number. When a player (not a libero) is substituted out of the set, the player's number is crossed off and the player's number entering the set is recorded. If the libero serves, place a triangle around the serving order position in which the libero served.

- Immediately notify the R2 if a player replacing the libero is not the player the libero replaced
- After contact for serve, immediately notify the R2 if the libero serves in more than one position in the serve order
